About Us

With over 30 Years of Experience

Biocare Health Products is a leading and trusted supplier of high-quality herbal, flower, and fruit extracts and powders, specifically catering to the health, wellness, and beauty industries. With over 30 years of experience, Biocare has become synonymous with purity and quality in the natural ingredients sector. The company's dedication to "Delivering Quality Naturally" has allowed it to build a reputation for sourcing sustainable and eco-friendly ingredients, which are meticulously cultivated and processed to meet the diverse needs of its customers.

At Biocare, the focus is on providing natural solutions that are not only effective but also align with the growing demand for sustainability and environmental responsibility. Their extensive product range includes potent and highly sought-after extracts such as Ginseng, Salacia Reticulata, Aloe Vera, Shilajit, Dashamool, and Tribulus Terrestris.

Product Highlights :

Ginseng: Known for its adaptogenic properties, Ginseng helps combat stress, improves energy levels, and boosts overall well-being. Biocare supplies premium-grade Ginseng extract, perfect for use in dietary supplements, health tonics, and functional foods.

Aloe Vera: A staple in both the beauty and wellness industries, Aloe Vera is revered for its soothing, hydrating, and healing properties. Biocare's Aloe Vera extract is ideal for skincare formulations, dietary supplements, and holistic wellness products.
